Principal's Welcome

"I never teach my pupils, I only attempt to provide the conditions in which they can learn." -Albert Einstein

The world has changed enormously since Modern School welcomed its first students in 1979, but its mission to attract and develop exceptional boys, girls and teachers from all backgrounds to serve a meritocratic India remains as vital now as it was then. With scholarships, concessions and incentives available to support almost half our students, we aim to reduce, as far as possible, any financial barriers to admission. At Modern School we take our responsibility to find what is exceptional in children very seriously. The experience that we have prepared for them here gives every child an all-round education built on a foundation of Service, Adventure, Sports, Creative Arts and Academics. We also nurture a commitment to compassion, respect and well being that we believe is an antidote to the entitlement, anxiety and lack of connection that dominate the day-to-day lives of so many teenagers. Delve deep into the school activities and enjoy.

Happy New year !!!
